Bill and Melanie Sikma ~ Evangelism Explosion Many lives are being impacted through the Evangelism Explosion ministry worldwide in many ways. These people are either coming to Christ as a result of the EE ministry, learning how to become a witness for Christ in their everyday lives, or multiplying by training other believers how to be a witness for Christ. This ministry of EE is involving people in our own church, and extending to training believers worldwide.

Over the last 25 years we've taken teams to Mexico for missions trips that've involved many Crossroadians of all ages. The border is so close, and we've been blessed with great team leaders. For well over 15 years we have enjoyed a specific relationship with the congregation at Templo Sinai and it's pastor **Carlos Bravo in San Luis Rio Colorado, Sonora, Mexico.** Carlos and Marta love having us camp on their property adjacent the church, as we pick up where we left off. The soil of San Luis is fertile ground for the Spirit of God to work in all of our lives as we sent students in the spring and adults and families in the fall. God has blessed us all in our history of partnership in the Gospel. One day in heaven we will all speak Spanglish.

Julie Caldwell ~ Competitive Edge International.
Sport is a universal key that has overwhelmingly succeeded in unlocking the doors of different cultures, languages, and systems; and Competitive Edge International (CEI) has been walking through these doors to advance the good news of Jesus and His kingdom in restricted countries around the world where sports professionals are welcomed but missionaries are often forbidden. Blown away that God's allowed this child of His from California's San Joaquin Valley to serve full-time through sports ministry since 1993, I am passionate about being a missionary because Jesus is my life, and sports is an amazing way to worship Him and make Him known!

Crossroads is excited to help fund ministry personnel within **India** as effective workers in their land. Through several agencies we help training ministry partners in evangelism, church planting, children's programs, literacy groups, and Bible translation (they have 1600+ languages). We are SO EXCITED about what is being effectively done within that country that mammoth, diverse country. Jesus is poising His return when the Gospel reaches all the ethnic groups in the world (Matt 24:14), and half of the world's unreached people groups life in this strategic land. Over the last 5 years, Crossroads has funded 24 church planters who've begun 41 churches through 849 new believers. Crossroads ... you're making a difference!

Chris is now the Director of Campus Crusade for Christ, Zambia. Chris and Anne and their family live in a home in Lusaka we built for them a number of years ago, and several teams of folks have visited. We are excited about what lies ahead for Zambia ... because men like Chris are focusing on evangelism and discipleship. A guiding verse for Chris is 2 Timothy 2:2 "The things you have heard from me in the presence of many witnesses, entrust to faithful men, who will be able to teach others also."
