EVANGELISM

The word evangelism means “Good News”.
It is the simple explanation of how Jesus provides eternal life.

Evangelism depends on the voice of God, not the persuasiveness of our words.

Scripture says the rocks will cry out in our absence if we choose to not speak. Let's speak.

Pray for a few mornings in a row, “God, open up simple conversations...” and then don't complicate it.

Consider mentioning to your food delivery service (DoorDash, Uber Eats, etc.) “I'm going to pray in a moment before I eat. Is there anything I could pray about, for you?”

Who is in your life who you care about and are praying for that they would discover Jesus? **Pray** often for them as you drive your car and go about your day.

Consider asking a neighbor or friend, “Hey, I pray sometimes. Is there anything I can pray for you?”

50% of all guests are invited to church by a friend. Consider asking, “I'm not sure if you go to church services, but Crossroads has a service on Thursday nights and three services on Sunday morning. Want to come with me?” Encourage them to go to crossroadsgrace.org where they can find more information personally.
